What about the animal?

A local plant of your choice will initially process the beef, sheep, hog or goat. You will have a choice of Eggert's Slaughtering, Inc. south of Clear Lake, Olson's Woodville Meats in Woodville or Sailor's Meat Market in Elmwood. You will also be able to have a choice of different processors in the area that your animal can be sent to for final processing. All meat will be state inspected.

Group Purchasing Power!

Interested in buying an animal but don't know what you are going to do with all of the meat? We have seen buyers put a sign up sheet at their work to interest their employees. The company pays for the beef, sheep, hog or goat at the fair and charge their employees retail price and write the rest of the cost off as advertising. Remember, it is still a tax-deductible donation.
